OVL-II™ Series Single Filtered Wall Mount Fountain Barrier-Free with HydroBoost®

MODEL: HTHBWF-OVLEBP-I

OVL Fountain With Bottle Filler

Rated for Indoor Use Only

GENERAL
Complete water station including HydroBoost® bottle filling station and OVL-II™ style water fountain. One face-mounted fountain, one-piece, non-corrosive stainless steel number 300 series with brushed satin finish. Contour-formed basin with softly rounded corners and edges reduces splatter, insures proper drainage and prevents standing waste water. Designed to be easily accessible to both physically challenged and able-bodied individuals. Ideally suited for installation in public areas. Model meets state and federal requirements as defined by the Americans with Disabilities Act.

HYDROBOOST® BOTTLE FILLING STATION
Sensor-activated enhanced with user interface graphics. Quick fill rate is 1.5 gallons per minute. Laminar flow provides a clean fill with minimal splash and easy maintenance. Equipped with an automatic 20-second shut-off timer. Key plastic components are integrated with silver ion anti-microbial protection to inhibit growth of mold and mildew.

LEAD REDUCTION FILTER WITH FILTER LIFE INDICATOR
Equipped with the WaterSentry® Plus Filter. Quick-Disconnect, ¼ turn installation and automatic inlet shut-off valve that closes when filter is removed. High-grade filter is made with activated carbon and patented ATS lead-removal media. Certified to NSF/ANSI 42 for Chlorine-Class 1, Particulate-Class 1 and Taste and Odor and NSF/ANSI 53 for Lead Reduction. Green, yellow and red LEDs visually indicate when filter maintenance is required.

Replacement Filters: Available as Singles and Multi-Packs.
Order part numbers:
55898C - Single replacement filter
55898C - 3PK - Filter three pack
55898C - 12PK - Filter twelve pack
55898C - 24PK - Filter twenty-four pack
55898C - 48PK - Filter forty-eight pack

SILVER ION ANTI-MICROBIAL PROTECTION
Key plastic components are integrated with silver ion anti-microbial protection to inhibit growth of mold and mildew.

GREEN COUNTER™
Visually displays count of plastic bottles saved from waste. (Based on 20 oz. bottles.)

DOUBLE BUBBLER™
Features an exclusive one-piece, chrome plated two-stream mound-building bubbler with non-removable anti-squirt feature. It's integral hood insures a satisfying drink of water.

PUSHBUTTON ACTUATION MECHANISM
Self-closing, vandal-resistant pushbutton does not require grasping or twisting.

PANEL
Constructed of stainless steel, No. 300 Series with satin finish.

MOUNTING FRAME
Mounting frame is manufactured of corrosion resistant, galvanized steel. Open construction designed for ease of installation. Mounting frame can be shipped in advance for rough-in installation.

AUTOMATIC STREAM HEIGHT REGULATOR
Self-closing assembly is located inside unit to prevent tampering. Unit resists corrosion and liming. A constant stream height is automatically maintained under line pressures that vary from 20 to 105 psi.

WATER INLET
3/8" O.D. Tubing.

DRAIN OUTLET
1-1/4" tube outlet for 1-1/2" slip joint connection. (P-Trap not included.)

Note: Continued product improvement makes specification subject to change without notice. See Halsey Taylor website for most current spec Sheet.

SUGGESTED SPECIFICATIONS

Unit shall include a single contoured fountain with integral bottle filling station constructed of stainless steel and ABS plastic. Bottle filler shall include electronic sensor for no-touch activation with automatic 20-second shut-off timer. Shall provide 1.5 gpm flow rate with laminar flow to minimize splashing. Shall include anti-microbial protected plastic components to inhibit mold and mildew. Fountain shall include front pushbutton activation. Shall have contoured fountain basin to minimize splashing and standing water and include rounded edges. Projector shall be two-stream, mound-building type with integral hood guard and anti-squirt feature. Shall include the WaterSentry® Plus filter, certified to NSF/ANSI 42 and 53 for lead reduction, with visual filter monitor to indicate when replacement is necessary. Shall comply with ANSI 117:1 and ADA guidelines for visual and motion disabilities. The manufacturer shall certify the unit to meet the requirements of NSF/ANSI 61 and 372, UL 399 and CAN/CSA 22.2 No. 120.

Optional Accessories (Extra Cost)

☐ Vandal-Resistant Kit

☐ Easy-Flex™ Bubbler

Each HTHBWF-OVLEBP-I consists of 2 cartons as follows:
- **Fountain, Panel and Misc. Parts;**
- **Mounting Frame.**

Service stop not included. Total shipping weight: 70 lbs.

MOUNTING INSTRUCTIONS:
Refer to diagrams for rough-in of plumbing. Install mounting frame into wall per the installation instructions. Hang fountain panel over the wall plate assembly. Attach fountain to wall plate assembly. Water service line and waste line are to be assembled as required. Final check for leaks and correct functions of fountain should be made. (For details see the installation instructions.)

CAUTION - Fountain must be securely bolted to wall.
